Willard Marine Inc. launches improved website with information on manufacturing milestones, boat enhancements, and new products

Anaheim, CA, January 10, 2008: Welcome to the New and Improved Willard Marine Website. We hope the new improvements help you to surf our website with greater ease and more detailed information on our company and product line.

Over the coming months we will begin to offer timely Press Releases with articles on new manufacturing milestones, boat deliveries, new models & options.

Please contact CJ Lozano with your comments and suggestions on how we can improve our services. We strive to build and maintain this website for our customers and to promote our company.
